Your Comments:

I oppose the expansion of the western edge of the O'Hare class B airspace. This expansion will adversely impact the sport of glider and soaring flight in the Chicagoland area. The proposed class B floor of 4,000 ft AGL will make soaring impossible, and raise serious safety concerns, in that important north-south corridor between the three major non-profit Chicagoland glider ports in the area; Minooka IL (Chicago Glider Club), Hinckley IL (Windy City Soaring Association) and Hampshire, IL (Sky Soaring Glider Club).
